Criston Hyett

Fields Of Interest

Dynamical Systems & Control, Reduced-Order Modeling,
Physics-Informed Machine Learning, Uncertainty Quantification

Education

2019-2025 (expected) **Ph.D.**, *University of Arizona*, Tucson, AZ
Applied Mathematics

2019-2021 **M.S.**, *University of Arizona*, Tucson, AZ
Applied Mathematics

2012-2016 **B.S.**, *University of Arizona*, Tucson, AZ
Mathematics & Physics

Research

2021-present **Optimal Natural Gas Flows in a Network with Uncertainty**

We work to determine optimal flows on a natural gas network under the coupled gas and energy grids upon inclusion of intermittent renewable energies and under stressing scenarios.

2020-present **Machine Learning Statistical Evolution of the Velocity Gradient Tensor**

We use cutting edge machine learning techniques to create physics-informed reduced order models of the inherently chaotic evolution of the velocity gradient tensor in isotropic turbulence.

Work Experience

May '24 - present, Summers 2020-22 **Graduate Student Researcher**, *Los Alamos National Labs*, Los Alamos, NM

Summer 2023 **Google Summer of Code contributor**, *NumFocus/Julia SciML*

2020-2024 **Graduate Research Assistant**, *University of Arizona*, Tucson, AZ

2019-2020 **Graduate Teaching Assistant**, *University of Arizona*, Tucson, AZ

2016-2019 **Software Engineer II**, *Raytheon Missile Systems*, Tucson, AZ

Computer Languages

Julia	Proficient	*Used daily in development of research software, (SciML/DifferentialEquations/Flux)*
C/C++	Proficient	*Used extensively in an embedded environment at Raytheon Missile Systems*
Python	Comfortable	*Used daily, (pytorch/tensorflow/petsc)*
Bash	Comfortable	*Basic functionality used daily*
Matlab	Comfortable	
Cuda	Beginner	

Computer skills

Open Software: git/workflow, LaTeX, Linux

HPC: Slurm, Docker, MPI/parallel computing

Criston Hyett

Methodologies	CI, TDD, Agile

Fellowships

May 2024	Orin Flanigan Scholarship	*Pipeline Simulation Interest Group*
Aug 2021 - May 2023	NSF Data-Driven Research Training Group Traineeship	*University of Arizona College of Science, Mathematics*
Jan 2022 - May 2022	Roots for Resilience Data Science Scholarship	*University of Arizona Data Science Institute, Arizona Institute for Resilience*

Service and Leadership

Apr 2023	Organized and presented "Introduction to Parallelization" for NSF Data-Driven Research Training Group
Mar 2023	Graduate Mentor for American Statistical Association DataFest Competition
Quarterly 2021-2022	Organized and presented "Introduction to HPC" seminar for Math PhD students
Aug 2021 - May 2022	SIAM Brownbag Student Colloquium Organizer
Jul 2018 - Jul 2019	Certified Scrum Master: Scaled Agile Framework
